adapt v600

Personal fit meets variable contouring in the Adapt V600, building on the trusted Adapt 600 platform with a modular backrest that flexes to every curve.

Hidden tension straps shape depth, breathable panels keep you cool, and adjustable wings wrap gently – combining to steady and support a wide range of postural needs.

Add specialist head and neck supports for full alignment, then refine further from our easiSpec Adaptations™ menu.

- Wrap-around, modular backrest
- Breathable mesh with inner contour straps
- Specialist head and neck supports + full Adaptations™ library
