easiSpec® Overview

How to specify adapt® - The 'chair prescription' system

easiSpec® has revolutionised and simplified the way adapt chairs are specified

It's a step-by-step method of fitting a chair to a person; Using this simple process you can create a chair prescription in 'real-time' for us to make. Here's how:

1

welcome to the adapt® easispec® system

Before we begin, we just need to gather some basic information about who the chair is for, and details of any relevant special considerations that need to be taken into account.

Remember: if you get stuck or you want to talk to someone about using this system, you can call us any time on 01454 329210

Information

Client:

Reseller: Ergochair LTD

Reseller Contact: Home

postural considerations

No two people are the same. To enable us to spec the perfect chair, please tell us a little more about the client's postural considerations.

- ☐ Neck and shoulder pain
- ☐ Thoracic pain
- ☐ Spinal postures - Kyphosis, lordosis, scoliosis
- ☐ Foreshortening of the arms
- ☐ Lumbar pain
- ☐ Coccyx pain
- ☐ Ischialgia
- ☐ Need for improved core stability
- ☐ Sacroiliac joint pain or pelvic girdle issues
- ☐ Prominent ischial bones (sit bottom)
- ☐ Leg length differential
- ☐ Above knee amputees
- ☐ Fused knee joints
- ☐ Muscle wastage
- ☐ Unusual pelvis
- ☐ Total operative scarring

Enter your login details then, from the list supplied, select any requirements or postural concerns that apply to the client before continuing on to the "dimensions" input page

2

The most important part of the easiSpec process is the input of 8 "critical dimensions", plus the clients height & weight, and finally the workstation height. easiSpec will do the rest ...

dimensions

Enter your dimensions into the form below. If you need guidance, then you can press the ? next to each measurement to display a helpful guide.

Please note that when you enter your measurements we will automatically round them to the nearest 10mm.

Weight: kg

Height: cm

Preferred Working Height: mm ?

Neck-rest required? ☐

Seat to Shoulder: mm ?

Elbow to elbow width when seated: mm ?

Seat to underside of elbow: mm ?

Lumbar height (to deepest point): mm ?

Back of Buttock to Back of Knee: mm ?

Hip Width (at widest point when seated): mm ?

Floor to Underside of Knee: mm ?

3

create the perfect chair

Adapt® 600

Our flagship range, the adapt600, offers limitless customisation and can be specified to your body dimensions.

It's where you need to be if you are looking for bespoke adaptation; we can go back to the drawing board to create very specific solutions for postural issues.

Choose Adapt 600

Adapt® V600

Adapt V600 incorporates V-trak, a brand-new concept in backrest contouring. It's modular, breathable and infinitely adjustable with lateral wings to wrap around you, plus inner straps to provide variable spinal support. V600 also comes with its own range of specialist head & neck supports.

Choose Adapt V600

AdaptLift®

Designed in conjunction with an Occupational Therapist, the AdaptLift® has been created specifically for people who need a little extra help either with adjusting the height of their office chair, or getting in and out of it.

Designed to cater for mobility issues, adaptLift offers electronic height and tilt adjustment, with an integral braking mechanism. With made-to-measure, stitched seat and backrest as standard, adaptLift can still be further enhanced with many adaptations.

Choose AdaptLift

AdaptLift with V-Trak

By combining the electronic adjustment features of adaptLift with the modular backrest technology of V-trak, the capability of this chair is perfect for moderate to severe postural and mobility-based conditions.

Choose V-Trak AdaptLift

The data will run through our easiSpec algorithm to create a base chair recommendation, which you can then customize with our range of adaptations to create the final chair prescription.

You can send this directly to us for a formal quote at the touch of a button.

Our website contains detailed information of the full range of adaptations and customisations available... It even shows you what's compatible with each range

If you need help at any stage, just call us on: 01454 329210
All of the paper guides are still available as PDF downloads at: www.ergochair.co.uk

If you would like to arrange a training session, just get in touch
email: easispec@ergochair.co.uk or call 01454 329210

ErgoDriver®

The first back-support that can be tailor-fitted for individual support

- **Tailored** – Moveable air cells can be positioned exactly where support is needed
- **Adjustable** – Each air cell has its own separate inflator bulb, allowing for total control and adjustability
- **Inclusive** – Air cells can be combined to provide support for an innumerable range of postural issues
- **Secure** – Protected 3 way harness system fits securely onto most cars, vans & commercial vehicle seats
- **Portable** – drivers can carry it with them for use across multiple vehicles
- **Breathable** – High Performance, breathable Spacetec 3D fabric with freshFX technology for long lasting freshness
- **Preventative** – Custom fit support prevents poor postures from being adopted during static driving
- **Quality** – Memory foam layer provides maximum comfort in a super slim profile

Terms and Conditions

General

We put forward all quotations and accept all orders subject only to the terms & conditions which follow, and to the exclusion of all other guarantees, conditions or warranties (including any as to quality and fitness for a particular purpose), whether expressed or implied by statute or common law or otherwise. If a customer order contains conditions, such conditions are only deemed to be binding insofar as they are not inconsistent with our terms & conditions.

No additions or variations from our terms and conditions shall have effect unless we accept such variation in writing under the hand of a Company Officer.

Our catalogue, price list or other advertising matter shall not form part of any contract between us.
We reserve the right to modify designs and specifications without notice

Prices

We will endeavour to maintain prices quoted, but we reserve the right to increase prices to take into consideration increases in costs incurred between acceptance and delivery of an order.
All prices quoted are in Pounds Sterling (£) and subject to Value Added Tax (VAT) at the prevailing rate.

Terms of Payment

Payment shall be made to us at the time and in the manner stated in our quotation or if no such time and manner are stated, then within 30 days of the date of our invoice. In all cases, the prices we quote are strictly net. In the event of non-payment within these terms, we reserve the right to charge an additional 2.5% per calendar month on all outstanding accounts. The buyer shall not be entitled to withhold payment either wholly or in part when it becomes due on any grounds whatsoever, except where expressly agreed in writing.
All payments shall be made in £ Sterling unless specified otherwise in writing

Delivery

We will use our best endeavours to deliver promptly, but will be under no liability whatsoever for a delay in estimated delivery times or failure to deliver from any cause. The delivery operative will normally be unaccompanied; in no event will we be liable for any action of the purchaser or their employees.
The purchaser will indemnify Ergochair Ltd against all claims, proceedings, demands and costs arising therefore.
Deliveries will normally be made to the most convenient ground floor external door available.

Ownership of Goods

The title & property in the goods supplied by Ergochair Ltd does not pass until full payment has been received by us, however, the risk in respect of such goods passes to the purchaser at the moment of delivery. Until title in goods passes, the purchaser shall hold the property of Ergochair Ltd in trust.
If payment becomes overdue or the customer becomes insolvent, commences winding up procedures, commits an act of bankruptcy or has a Receiver or Administrator appointed, Ergochair Ltd may immediately reclaim the goods, if necessary by entering premises owned or occupied by the purchaser or the customer of the purchaser.

Insurance of Goods

After delivery, goods accepted by the customer shall be their responsibility with regard to insurance.

Cancellation

Purchase Orders (once acknowledged) cannot be cancelled, except with our written consent and on terms that will indemnify Ergochair Ltd against any loss.

Governing Law

All our quotations shall be put forward and made in England, and shall in all respects be construed and operate under English law.

Guarantee

All products with the exception of Actyv range, are supplied with a five-year guarantee against fault in manufacture, including structural parts, when used in normal office conditions at eight hours per day. 24-hour usage chairs carry a two-year guarantee. Actyv portable comfort products carry a one-year guarantee. Actyv leg rests carry a two-year guarantee.
The guarantee is conditional in that it covers normal use and that misuse has not taken place and that the final decision rests with Ergochair Ltd, their component and fabric suppliers.
The guarantee is conditional on the chair being returned to Ergochair Ltd for assessment.
Our comprehensive Non-conformance policy is available on request.
