# easiSpec® Overview

## How to specify adapt® - The 'chair prescription' system:

**easiSpec®** has revolutionised and simplified the way adapt chairs are specified. It's a step-by-step method of fitting a chair to a person; Using this simple process you can create a chair prescription in 'real-time' for us to make. Here's how:

Client:

Reseller:

Assessor:

Reseller Email:

**Postural Considerations**  
No two people are the same. To enable us to spec the perfect chair, please tell us a little more about the client's postural considerations.

**Chronic Considerations**

Achondroplasia	<input type="checkbox"/>
Obesity	<input type="checkbox"/>
Fibromyalgia	<input type="checkbox"/>
Neuropathy	<input type="checkbox"/>
Arthritis	<input type="checkbox"/>
Stroke	<input type="checkbox"/>
Multiple Sclerosis	<input type="checkbox"/>
Neuro-Muscular Disorders (NMD)	<input type="checkbox"/>
Parkinson's Disease	<input type="checkbox"/>
Hypermobility	<input type="checkbox"/>

**Select Considerations**  
Choose the region of the body affected to show a list of considerations

Enter your login details then, from the list supplied, select any requirements or postural concerns that apply to the client before continuing on to the "dimensions" input page

**Dimensions**

Enter your dimensions into the form below. If you need guidance, then you can press the next to each measurement to display a helpful guide.

Please note that when you enter your measurements we will automatically round them to the nearest 10mm.

Weight:  kg

Height:  cm

Preferred Working height:  mm

Neck-rest required? ☐

Seat to Shoulder:  mm

Elbow to elbow width when seated:  mm

Seat to underside of elbow:  mm

Back of Buttock to Back of Knee:  mm

Hip Width (at widest point) when seated:  mm

Floor to Underside of Knee:  mm

Lumbar height (to deepest point):  mm

Please state if the chair will be used in a Commercial environment or Domestic Home Office:

The most important part of the easiSpec process is the input of 8 "critical dimensions", plus the clients height & weight, and finally the workstation height. easiSpec will do the rest ...

**Create the Perfect Chair**

<b>Adapt® 600</b>	<b>Adapt® V600</b>	<b>AdaptLift®</b>	<b>AdaptLift With V-Trak</b>
Our flagship range, the Adapt 600, offers limitless customisation and can be specified to your body dimensions. Anywhere you need to be if you are looking for bespoke adaptation, we can go back to the drawing board to create very specific solutions for posture issues.	Adapt V600 incorporates V-Trak, a brand-new concept in backrest contouring. It's modular, breathable and created specifically for people who need a little extra help either with lateral wings to wrap around you, plus inner adapts to provide variable spinal support. V600 also comes with its own range of specialist head & neck supports.	Designed in conjunction with an Occupational Therapist, the AdaptLift® has been created specifically for people who need a little extra help either with adjusting the height of their office chair or getting in and out of it.	By combining the electronic adjustment features of AdaptLift with the modular backrest technology of V-Trak, the capability of the chair is perfect for moderate to severe postural and mobility-based conditions.
<input type="button" value="Choose Adapt 600"/>	<input type="button" value="Choose Adapt V600"/>	<input type="button" value="Choose AdaptLift"/>	<input type="button" value="Choose V-Trak AdaptLift"/>

The data will run through our easiSpec algorithm to create a base chair recommendation, which you can then customize with our range of adaptations to create the final chair prescription.

You can send this directly to us for a formal quote at the touch of a button.

If you need help at any stage, just call us on: 01454 329210  
All of the paper guides are still available as PDF downloads at: [www.ergochair.co.uk](http://www.ergochair.co.uk)

If you would like to arrange a training session, just get in touch email: [easispec@ergochair.co.uk](mailto:easispec@ergochair.co.uk) or call 01454 329210 1

# ErgoDriver®

The first back-support that can be tailor-fitted for individual supp

- **Tailored** – Moveable air cells can be positioned exactly where support is needed
- **Adjustable** – Each air cell has its own separate inflator bulb, allowing for total control and adjustability
- **Inclusive** – Air cells can be combined to provide support for an innumerable range of postural issues
- **Secure** – Protected 3 way harness system fits securely onto most cars, vans & commercial vehicle seats
- **Portable** – drivers can carry it with them for use across multiple vehicles
- **Breathable** – High Performance, breathable Spacetec 3D fabric with freshFX technology for long lasting freshness
- **Preventative** – Custom fit support prevents poor postures from being adopted during static driving
- **Quality** – Memory foam layer provides maximum comfort in a super slim profile

## Terms and Conditions

**General**

We put forward all quotations and accept all orders subject only to the terms and conditions which follow, and to the exclusion of all other guarantees, conditions or warranties (including any as to Quality and fitness for a particular purpose), whether express or implied by statute or common law or otherwise. If a customer order contains conditions, such conditions are only deemed to be binding insofar as they are not inconsistent with our terms and conditions.

No additions to or variations from our terms and conditions shall have effect unless we accept such variation in writing under the hand of a Company Officer.

Our catalogue, price list or other advertising matter shall not form part of any contract between us. We reserve the right to modify designs and specifications without notice.

**Prices**

We will endeavour to maintain prices quoted, but we reserve the right to increase prices to take into consideration increases in costs incurred between acceptance of and delivery of an order. All prices quoted are in pounds sterling (£) and are subject to Value Added Tax at the prevailing rate.

**Terms of Payment**

Payment shall be made to us at the time and in the manner stated in our quotation or if no such time and manner are stated, then within 30 days of the date of our invoice. In all cases the prices we quote are strictly net. In the event of nonpayment within these terms we reserve the right to charge 2.5% per calendar month on all outstanding accounts. The buyer shall not be entitled to withhold payment either wholly or in part when it becomes due on any grounds whatsoever, except where expressly agreed in writing.

**Delivery**

We will use our best endeavours to deliver promptly, but will be under no liability whatsoever for a delay in estimated delivery times or failure to deliver from any cause. The delivery operative will normally be unaccompanied; in no event will we be liable for any action of the purchaser or their employees. The purchaser will indemnify Ergochair against all claims, proceedings, demands and costs arising therefrom. Deliveries will normally be made to the most convenient ground floor external door available.

**Ownership of Goods**

The title and property in goods supplied by Ergochair does not pass until full payment has been received by us, however the risk in respect of such goods passes to the purchaser at the moment of delivery. Until title in goods passes the purchaser shall hold the property of Ergochair in trust. If payment becomes overdue or the customer becomes insolvent, commences winding up procedures, commits an act of bankruptcy or has a Receiver or Administrator appointed, Ergochair may immediately reclaim the goods, if necessary by entering premises owned or occupied by the purchaser or the customer of the purchaser.

**Insurance of Goods**

After delivery, goods accepted by the customer shall be their responsibility with regard to insurance.

**Cancellation**

Orders cannot be cancelled, except with our written consent and on terms that will indemnify Ergochair against any loss.

**Returns**

Returns will be monitored on a case by case basis at Ergochair's discretion. If the product is deemed to be returnable then there will be a 20% restocking fee from the net charge of the product (excluding bespoke elements such as seat size alterations) and a re-upholstery charge of £71. There will also be a charge incurred if collection of the product is required to be organised by Ergochair.

**Governing Law**

All our quotations shall be put forward and made in England, and shall in all respects be construed and operate under English Law.

**Guarantee**

All products are supplied with a five-year guarantee against fault in manufacture, including structural parts, when used in normal office conditions. 24-hour usage chairs carry a two-year guarantee. The guarantee is conditional in that it covers normal use and that misuse has not taken place and that the final decision rests with Ergochair, their component and fabric suppliers. The guarantee is conditional on the chair being returned to Ergochair for assessment.
