

# adapt lift

The perfect position at the touch of a button.

Designed alongside experts in occupational therapy, AdaptLift offers a smooth, powered rise and tilt, easing transfers and making positional fine tuning effortless.

Available as part of the Adapt 600 platform - pair your chosen seat and back size with electronic lift ( $-4^{\circ}$  to  $+20^{\circ}$ ), lock-steady MLOCK™ braking and a long-life rechargeable battery.

- Powered height + tilt, smooth and quiet
- MLOCK™ holds chair steady for safe transfers
- Specified in minutes with easiSpec
