

oria flex

Designed for continuous, natural movement, Oria Flex introduces complete freedom through a 360° omnidirectional flex-tilt mechanism. The body remains centred while moving intuitively, supporting dynamic sitting without disruption.

Encourages active posture, focus, and comfort through movement. Ideal for users who value responsive, flexible seating.

- Locator Seat™ with 360° omnidirectional flex-tilt
- Height-adjustable ring handle with integrated tilt mechanism
- 5-star nylon base with steel ring
- 50mm soft-wheel brake-loaded castors
- Spradling Valencia C5 faux upholstery as standard
